NEWS

CT Eligibility Test Rewards Top Scorers with Laptops, Tablets, and Scholarships

CT World School and CT Public School recently conducted the CT Eligibility Test, witnessing participation from over 1000 students representing diverse boards such as ICSE, CBSE, and PSEB. The exam served as a preparatory assessment for students gearing up for their 10th board examinations. The announcement of results unveiled outstanding performances, resulting in the recognition and reward of top achievers. Laptops, tablets, and smartwatches were presented to the overall toppers, while cash prizes were awarded to rank holders across various categories. The event saw outstanding achievements from students across boards, with Vishal Kumar from PSEB Arya Model School securing the top position with a score of 84. Ayati Jain from CBSE Cambridge Innovative claimed the second spot with a score of 82. In the CBSE category, Saransh Madaan of La Blossom secured the first prize, a smartwatch, with a score of 73. Kareena

Toor and Kashish Seth from CT Public School secured the second and third prizes, respectively, with scores of 71 and 68. PSEB rank holders included Ishmeet Kaur from Jyoti Public High School, Saksham Singh from St Jesus Convent School, and Baljit Mahey from Saint Bhrigoo Public School, who secured the first, second, and third prizes, respectively. ICSE achievers featured Harmandeep Kaur, Angel Arora, and Brij Bhushan Kareer from Saint Jude's Convent School, securing the top positions. Commending the exceptional performance of the students, the Chairman of CT Group, Charanjit Singh Channi, and Managing Director, Dr. Manbir Singh, appreciated their performance with encouragement. The Registrar of the National Institute of Technology, Prof. Dr Ajay Kumar Bansal, graced the event as the chief guest and praised the students for their exceptional performance.

CTET

CT UNIVERSITY HOSTED 5TH CHEF CONCLAVE AND AWARDS

School of Hotel Management, Airlines and Tourism, CT University hosted a vibrant and insightful culinary event, bringing together renowned chefs, industry experts, and culinary enthusiasts for a day filled with discussions, demonstrations, and celebrations. The event, organized by CT University and Culinary Arts and Food Retail (CAFR, witnessed the presence of esteemed personalities who shared their expertise and insights on the evolving landscape of the culinary industry. Mrs. Rajni Bector, the founder of Cremica Foods,

and Padam Shri awardee, graced as esteemed Chief Guest. The event commenced with a warm welcome from Dr. Chef Varinder Singh Rana, setting the stage for an engaging and informative day. Chef T K Razdan, President of CAFR, followed with opening remarks, highlighting the importance of culinary arts in the modern world. The Inaugural Remarks were delivered by Dr. Manbir Singh, Pro Chancellor, CT University, who shed light on the university's commitment to providing holistic education in culinary arts. Rajni

Bector, the founder of Cremica Foods, and Padam Shri awardee, graced as our esteemed Chief Guest. A thought-provoking Panel Discussion-1 on the topic "Future Vision of Culinary Industry" brought together experts who delved into the trends and innovations shaping the future of the culinary world. This was followed by an enlightening talk by Chef Vikas Chawla on the significance of millets, highlighting their nutritional benefits and role in contemporary cuisine.

Nurturing Futures: Chancellor Charanjit Singh Channi Leads CT University Connect Program with Student-Centric Focus on Inspiring Leadership and Active Listening

The CT University Connect Program, held at the open-air theatre of CT University, unfolded as an inspiring and transformative event, bringing together the heads of schools, dedicated faculty, and enthusiastic students in a shared commitment to personal and academic growth. The program, designed as a Judgment-Free Zone, provided a welcoming and non-judgmental space for students to express themselves freely. Chancellor Charanjit Singh Channi and Pro Vice-Chancellor Dr. Abhishek Tripathi emerged as beacons of Inspirational Leadership, fostering an environment of encouragement and support. One of the program's key highlights was the leadership's commitment to Active Listening. Chancellor Charanjit Singh Channi and Pro Vice-Chancellor Dr. Tripathi not only addressed the audience but also actively listened to the dilemmas and

concerns of the students, demonstrating a genuine understanding of their challenges. It served as a platform for understanding hearts, sharing valuable suggestions, and fostering a collective commitment to personal and academic growth. The event addressed crucial topics such as Stress Management, where Chancellor Charanjit Singh Channi acknowledged the prevalence and importance of stress among students, providing insights and strategies for coping. Additionally, the Chancellor shared valuable insights on Entrepreneurship, encouraging students to explore entrepreneurial endeavors. Practical advice and strategies for Coping with Stress were shared, emphasizing the importance of mental health and well-being. The theme of Peer Pressure was also touched upon, shedding light on ways to navigate and cope with the challenges associated with it.

Beyond the stage lights, the Connect program at CT University created a judgment-free zone where Chancellor Charanjit Singh Channi and Pro Vice-Chancellor Dr. Abhishek Tripathi not only inspired but actively listened to student dilemmas. Understanding hearts, valuable suggestions, and a shared commitment to growth – that's the essence of CTU Connect. Chancellor Charanjit Singh Channi commented, 'This program reflects our dedication to creating an environment where students feel heard and supported. It's about nurturing their aspirations and providing guidance for holistic growth.' The program was skillfully hosted by Dr. Sumesh Saini, Director of Digital Marketing and Branding, and Nader Kaur, Head of Branding for CT Campuses

CELEBRATING EXCELLENCE: KASHISH AND KAREENA, OUR SHINING STARS, CLINCH TOP POSITIONS IN THE CTET EXAMINATION!

Kareena secures the second spot, winning a prize of ₹2100 and a certificate, while Kashish claims the third position, earning ₹1100 and recognition. Congratulations on this remarkable achievement!

CT Public School Hosts Carnival and Alumni Reunion

In a spectacular celebration of tradition and excellence, CT Public School hosted a vibrant carnival and Alumni meet uniting a medley of events that resonated with festive joy and academic pride. The event was inaugurated by Dy. Inspector General of Police, Rajpal Singh Sandhu IPS, and esteemed leader MLA of Jalandhar, Raman Arora. The carnival provided a platform for its students and staff to express their creativity through different stalls. Other school students and principals, along with sarpanches of villagers, contributed to a crowd of about 2500 people. The team from Parindey Fitness and Dance Academy under the guidance of Rajan Syal and RJ Dheer from 92.7 Big FM added charm and grace to the festivities. The event also included a Baby Show, Family Modeling, food stalls, games, and cultural performances, providing a diverse and enjoyable experience for all. As a token of appreciation, souvenirs were distributed, symbolizing the enduring connection between the school and its alumni. The alumni, in turn, shared their enriching experiences, weaving a tapestry of success stories that echoed the school's legacy. Present at the event were the Chairman of CT Group, Charanjit Singh Channi; Managing Director, Dr. Manbir Singh; Co-Chairperson, Parminder Kaur; Vice Chairman Harpreet Singh; Principal of CT Public School, Anuradha Chandel and Vice Principal, Sukhdeep Kaur.

CT University's Robotics and Automation Lab Unveils Innovative Pesticide Spraying Robot for Precision Agriculture

The Robotics and Automation Lab at CT University proudly announces the successful development of a cutting-edge pesticide spraying robot, a technological breakthrough designed to transform crop protection and elevate farming efficiency. This Wi-Fi-controlled prototype is a testament to CT University's commitment to advancing agricultural technology and addressing the evolving needs of farmers. The robot boasts a 20-liter tank, six powerful motors, and all-terrain tires, allowing for seamless customization to meet specific field requirements. Its state-of-the-art spraying mechanism ensures precise and controlled pesticide delivery, revolutionizing traditional spraying methods. Dr. Harmeet Singh, Deputy Director of the IPR Cell, emphasizes the pivotal role that robots will play in the future of precision agriculture. The Robotics and Automation Lab is already working on an

advanced version of the prototype, integrating solar charging and GPS navigation to further enhance functionality and efficiency. According to Dr. Mandeep Kaur, the adoption of pesticide spraying robots offers numerous advantages to farmers. Not only does it reduce reliance on manual labor, thereby cutting down on labor costs and addressing potential labor shortages, but it also ensures the

precise application of pesticides. This, in turn, minimizes the risk of human exposure to harmful chemicals, promoting safety in agricultural practices. The development of this groundbreaking prototype is credited to the ingenuity and dedication of final-year students, Lab Technician Gurkirat Singh and Project Manager Satyam Gupta both of whom played pivotal roles in the success of this project.

OPINION

THE UNPRECEDENTED SURGE: INCREASING DEMAND FOR AI/ML GRADUATES

Amid a technological revolution, the demand for graduates with expertise in Artificial Intelligence (AI) and Machine Learning (ML) is skyrocketing. The integration of AI and ML across diverse industries, from healthcare to finance, has led to an urgent need for professionals capable of navigating and leveraging these advanced technologies.

Article By:
Dr. Manbir Singh

Key Drivers:

Widespread Adoption:

The pervasive use of AI and ML in various sectors is transforming traditional business models and operations, compelling organizations to seek adept professionals.

Future-Ready Skills:

Graduates with AI/ML backgrounds are equipped with the skills to design intelligent systems, develop sophisticated algorithms, and utilize data analytics for problem-solving, making them invaluable contributors to the ongoing digital revolution.

Versatility:

The adaptability of AI/ML knowledge allows graduates to apply their skills across a range of domains, making them versatile assets in a rapidly evolving technological landscape.

Industry Challenges and Solutions:

Addressing Challenges:

AI and ML offer solutions to contemporary challenges, including cybersecurity threats and data management, positioning graduates as vital assets in helping organizations navigate complex technological landscapes.

Global Impact:

Global Relevance:

The global nature of AI/ML expertise ensures graduates are sought after worldwide, opening doors to international collaboration and a multitude of career opportunities.

Educational Initiatives:

Specialized Programs:

Educational institutions are responding to the surge in demand by offering specialized AI/ML programs, bridging the gap between theoretical knowledge and practical application to produce graduates ready for immediate impact.

New Year Resolutions: Nurturing Growth and Well-being

As we approach the dawn of a new year, consider setting resolutions that prioritize your well-being and personal growth:

- Health and Fitness:** Set realistic fitness goals and commit to maintaining a healthy lifestyle through regular exercise and a balanced diet.
- Learning and Skill Development:** Cultivate a habit of continuous learning. Whether it's acquiring a new skill or furthering your education, embrace opportunities for personal and professional growth.
- Mindfulness and Mental Health:** Prioritize mental well-being by incorporating mindfulness practices, meditation, or activities that bring joy and relaxation into your daily routine.
- Work-Life Balance:** Strive for a healthy balance between work and personal life. Establish boundaries to prevent burnout and create space for leisure and family time.
- Community Engagement:** Consider ways to give back to your community, whether through volunteering, supporting local businesses, or participating in community events.
- Relationships:** Strengthen meaningful relationships with friends and family. Allocate time for quality interactions and nurture the bonds that matter most to you. Remember, the key to successful resolutions lies in setting realistic goals, maintaining consistency, and celebrating the progress you make along the way. Wishing you a healthy and fulfilling winter season and a joyous New Year ahead!

HONOUR

CT World School Inspires Creative Brilliance through 'Rangrez' Painting Competition in Collaboration with My FM

CT World School, renowned for its commitment to nurturing holistic development, joined forces with My FM to host the vibrant painting competition, 'Rangrez' (Season 10). The event, centered around the theme 'Bharat ka Antariksh Mission,' witnessed enthusiastic participation from students in grades 4 to 9, showcasing their exceptional artistic skills. Reet and Vikas, both esteemed RJ's, accompanied by Piyush from the Technical Department at My FM, graced the occasion, ensuring the seamless execution of the event. Their presence added a touch of excitement and encouragement for the young artists. This collaborative initiative by My FM has become a beacon for young minds,

emerging as the largest platform for the expression of talent and creativity. Notably, it stands as the most awarded school connect program, earning recognition both internationally and nationally. Radhika Talwar, Dean (Academics) at CT World School, commended the students for their outstanding efforts. She expressed gratitude to the My FM team for providing this enriching opportunity. Talwar emphasized the significance of art in the overall development of children, highlighting its role in enhancing communication skills, fostering creativity, and boosting self-esteem.

CT Public School Embraces Spiritual Wisdom in the Pursuit of a Drug-Free Society

CT Public School, a leading institution committed to holistic education, hosted esteemed members of the Brahma Kumaris, a worldwide spiritual movement founded in India in 1937. The event aimed at fostering personal transformation and promoting a drug-free society among students and educators. The distinguished Rekha Didi, a revered member

of the BK Shivani Ashram, delivered a powerful lecture on the correlation between a powerful soul, humility, and the pursuit of a drug-free lifestyle. The event was graced by the presence of the school's Worthy Principal Ma'am and Vice-Principal Ma'am, who extended a warm welcome to the Brahma Kumaris representatives by presenting saplings as tokens of love and gratitude. The

focus of the event was on encouraging students and teachers to shift their perspectives from material to spiritual well-being. The Brahma Kumaris, with a presence in over 110 countries on all continents, have established themselves as an international non-governmental organization (NGO) with a profound impact in various sectors.
