CT Group Student Sets **New World Record** at Asian Open Powerlifting Championship 2025

Since the time Komal joined CT Group, the institution has provided unwavering support to her sporting aspirations. She has received professional guidance, structured training routines, fitness assistance, and constant encouragement from the faculty and the sports department. CT Group has always believed in nurturing talent across all fields and has played an instrumental role in helping Komal refine her skills, strengthen her discipline, and prepare for the international stage. Her success stands as a testament to CT Group's commitment to empowering student achievers.

CT Group proudly announces an extraordinary achievement by Ms. Komal, an MBA student and resident of Haryana, who has created a new world record at the Asian Open Powerlifting Championship held from 2nd to 10th December 2025 in Istanbul, Turkey. Representing India and CT Group, Komal secured the Silver Medal in the Overall 57 kg weight category and set a new world record in Deadlift with 211 kg, surpassing the previous record of 210 kg. Her performance has brought immense pride to the institution and the nation.

Komal's journey to this global achievement began in her childhood, when powerlifting first became her dream. Over the years, she has demonstrated exceptional discipline, focus, and persistence—qualities that also make her an excellent student in the MBA program at CT Group. She has consistently balanced her academic responsibilities with rigorous training, showing remarkable determination in her preparations.

CT Group of Institutions, Shahpur, Hosts 5-Day Bootcamp on “Nextgen Drones: Technology and Applications” in Collaboration with NIT Jalandhar

Check out more!

CT Group of Institutions, Shahpur, Jalandhar, successfully organized a five-day Bootcamp on “Nextgen Drones: Technology and Applications” in collaboration with Dr. B.R. Ambedkar National Institute of Technology (NIT), Jalandhar. The bootcamp aimed to provide participants with in-depth technical knowledge and practical exposure to drone technology — a rapidly emerging field shaping the future of

multiple industries including delivery, defence, and transportation. The sessions covered key aspects such as drone components, aerodynamics and flight principles, data acquisition and sensor fusion, software tools, assembly, calibration, and flying demonstrations. The resource persons from NIT Jalandhar, Dr. Gurjot Kaur (Project Associate) and Prem Kumar (JRF Drone Project), along with

industry experts A J Arun Jeya Prakash, Director & CEO of Aviocian Technologies Pvt. Ltd., Noida, and his associates Jaikant Namdev and Deepanshu Bhardwaj, conducted interactive sessions that blended theory with hands-on training. Under expert guidance, students successfully assembled and flew their own drones in the campus playground, gaining invaluable practical exposure.

CT University Hosts Its 1st International Folklore Fiesta

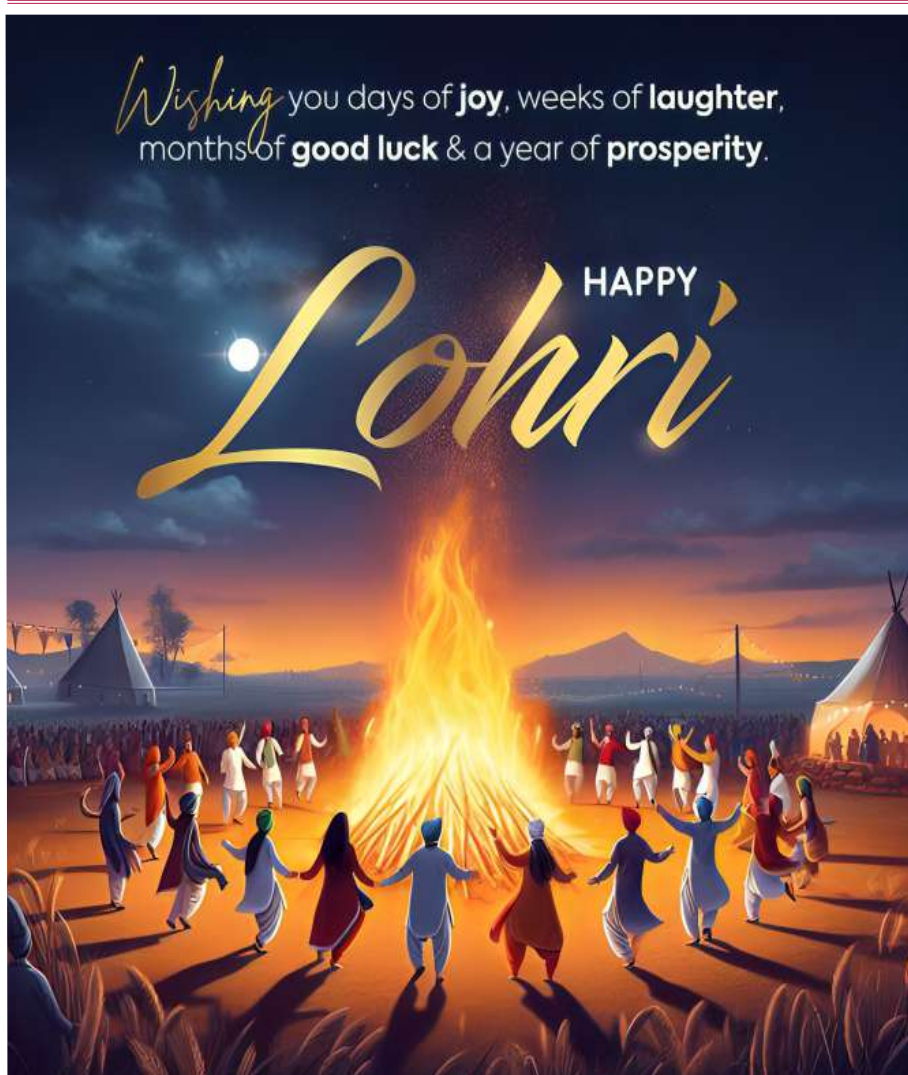

Check out more!

CT University proudly organized the 1st CT University International Folklore Fiesta, a vibrant cultural extravaganza that brought together global rhythms, traditional artistry, and community spirit. Presented by the Punjab Cultural Promotion Council, India, and led by Festival Director Dr. Davinder Singh Chhina, the fiesta showcased the rich diversity of world folklore through powerful dance performances and cross-cultural expressions. The audience was captivated by the Palma Africana Dance School, whose electrifying and soulful performance

echoed the heartbeat of audience. Blending rhythmic drumming, expressive movements, and high-energy choreography, the troupe transported spectators. Adding to the global spectrum of the celebration, the Colombian Dance Group, performing as the Star Attraction, delivered a vibrant, high-octane showcase filled with dynamic footwork, colorful costumes, and infectious energy. Their musical performance later in the evening elevated the atmosphere even further, leaving the crowd cheering for more. The

fiesta also celebrated India's cultural heritage with powerful and graceful presentations of Giddha and Bhangra, showcasing Punjab's traditional vibrancy. Alongside this, mesmerizing performances by teams from Colombia, Malawi, Liberia, and South India added more cultural layers, each bringing their unique rhythms, costumes, and storytelling traditions to the stage.

What China Teaches the World About Thinking Big

Educational institutions should not exist merely to issue degrees. Their true purpose is to awaken minds, shape character, and prepare responsible citizens. They are spaces where discipline, values, and vision come together to define a nation's future. Having observed education systems and societies across countries like the UK, Egypt, and Japan, each experience offered distinct lessons rooted in history, culture, and people's values. China, however, stands apart—not just for what it has built, but for the clarity with which it thinks, plans, and executes. One of the most striking aspects of engaging with China's academic and policy ecosystem was witnessing how

education is treated as a national mission rather than a standalone sector. Global dialogues on inclusive education, integration-driven learning, and technology-enabled classrooms revealed a mindset that values scale, collaboration, and long-term impact. It prompts an important reflection for India. We have immense talent, creativity, and demographic strength, yet we often hesitate to think boldly and act decisively. Global platforms for knowledge exchange are no longer optional—they are essential if India is to shape future narratives rather than follow them.

China's story, however, extends far beyond classrooms.

Here, technology is not showcased for symbolism—it is deployed for results. Artificial Intelligence powers factories, healthcare systems, transport networks, and smart cities. Robotics and automation are not future aspirations; they are present realities driving productivity and efficiency. What stands out most is the deep alignment between government, industry, and academia. Universities do not operate in silos. They produce industry-ready talent, while industries feed real-world challenges back into

research and curriculum design, creating a continuous cycle of innovation. China's leadership in drones, advanced manufacturing, 3D printing, and digital infrastructure reflects long-term planning rather than short-term ambition. Nationwide 5G connectivity, robust networking systems, and massive data infrastructure form the invisible backbone of this growth.

Welcoming the New Year: Messages from Our Visionary Leaders

S. Charanjit Singh Channi
Chairman, CT Group
Chancellor, CT University

Let go of what held you back, hold on to what lifts you higher. Here's to a year of purpose, progress, and power.

HONOUR

Honouring the Architects of the Future: CT Group Hosts Guruverse in Ambala & Pathankot

CT University successfully hosted "Guruverse – Celebrating Mentors" in Ambala and Pathankot, reaffirming its commitment to honouring the dedication and lifelong contributions of educators. In Ambala, the event was organised in association with the Haryana Progressive Schools' Conference and the Ambala Progressive Sahodaya Schools Association at the Police DAV Auditorium, Ambala City. The programme witnessed an overwhelming participation of over 500 teachers and more than 100 principals from leading schools across the region. Guruverse served as a meaningful platform to recognise educators who continue to shape the nation through their knowledge, values, and leadership. The occasion was

graced by Chief Guest Sh. Aseem Goel, Former Minister, Haryana; Dr. Parmod Kumar, State Program Officer, Department of School Education, Haryana; and International Motivational Speaker Mr. Simerjeet Singh, whose inspiring session, "Calm Minds, Brave Hearts," left a lasting impact on the audience. Continuing the celebrations in Pathankot, CT University, Punjab organised Guruverse – Celebrating Mentors on December 4, 2025, at Hotel ZONE, Saili Road, Dalhousie Bypass Road. The event brought together educators and school leaders from over 100 schools, during which more than 150 mentors and 70 principals were honoured for their exceptional dedication to education. The programme featured an insightful

interactive session on empathy and emotional intelligence, followed by an inspiring motivational address by Cdr. Hemant Kumar, Indian Navy Veteran, who spoke on leadership and resilience. The ceremony was graced by Chief Guest Mrs. Rashmi Ahluwalia, Director/Principal of MCS and President, Sahodaya Schools Complex, Pathankot, along with Special Guest Sh. Daljinder Singh Dhillon, PPS, Senior Superintendent of Police, Pathankot. Through Guruverse, CT University once again highlighted the invaluable role of teachers as mentors and nation-builders, celebrating their unwavering commitment to shaping future generations.

CT Group Recognises Progressive Farmers for Sustainable Agricultural Practices

CT University and CT Group of Institutions organised a meaningful programme to honour progressive farmers who have adopted eco-friendly stubble management practices, choosing decomposition over burning to protect the environment and promote a stubble-free, sustainable Punjab. The initiative reflects the institution's strong commitment to environmental conservation, sustainable development and community engagement. As part of the programme, 20 progressive farmers from

nearby villages and regions including Jalandhar, Tarn Taran and Amritsar were felicitated for responsibly managing crop residue through decomposition, a practice that significantly reduces air pollution, preserves soil health and supports long-term agricultural sustainability. The event was conducted under the inspiring theme "ਪਰਾਲੀ ਨਹੀਂ ਜਲਾਵਾਂਗੇ, ਰੰਗਲਾ ਪੰਜਾਬ ਬਣਾਵਾਂਗੇ", reinforcing the collective responsibility towards building a cleaner and healthier Punjab. Addressing the gathering, Sardar

Charanjit Singh Channi, Chancellor, CT University and Chairman, CT Group, applauded the farmers for embracing sustainable agricultural methods. He emphasised that farmers are the backbone of the nation and the true guardians of Punjab's land. He stated that by choosing decomposition over burning, these farmers have taken a vital step that benefits not only their own fields but also public health, environmental balance and future generations.

CT Group Hosted Inter-College Kavishri Competition to Promote Sikh Heritage

150 Years of Legacy Celebrated at Govt. Model Senior Secondary School, Ladowali Road in Collaboration with CT Group

Govt. Model Senior Secondary School, Ladowali Road, Jalandhar, in collaboration with CT Group, celebrated a historic milestone as it commemorated 150 years of excellence with great pride and enthusiasm. The sesquicentennial celebration witnessed the presence of eminent dignitaries, alumni, students, educators, and well-wishers, making the occasion a memorable tribute to the institution's enduring legacy in the field of education. The event was graced by the Chief Guest, Shri Vaneet Dhir Ji, Mayor of Jalandhar, who lauded the institution for its outstanding contribution to shaping generations of responsible citizens. The celebration was further honoured by the presence of the Guest of Honour, Shri Nitin Kohli, Halka In-charge, Jalandhar, who

congratulated the school on completing 150 years and encouraged students to uphold the values of discipline, dedication, and service. The programme was further dignified by the esteemed presence of Justice Narinder Sood, whose presence added great stature to the celebration, and Padma Bhushan Bajinder Singh Hamdard, Chief Editor of Ajit, who appreciated the school's historic contribution to education in Punjab and its role in nurturing socially conscious individuals. Mr. Vineet Chaudhary, Chief Secretary, Himachal Pradesh, also graced the occasion and highlighted the importance of strong educational institutions in nation-building. The celebration witnessed the gracious presence of Dr. S.P.S. Grover, President of the Alumni Association, who expressed pride in

the school's strong alumni network. Sardar Charanjit Singh Channi, Chairman, CT Group, Mr. Mohinder Singh KP, Minister in the Punjab Government, Mr. Jagdish Raja Ji, former Mayor, Mr. Surinder Saini Ji, Secretary of the Alumni Association, and Mr. Joshi, Deputy District Education Officer, were also present and extended their congratulations on this landmark achievement. From the CT Group management, Harpreet Singh and Dr. Manbir Singh marked their presence and appreciated the institution's remarkable journey and contribution to society, reaffirming CT Group's continued support towards education and alumni engagement.
